

PRODUCTION QUALITY ASSURANCE (Module D_{RAIL}) CERTIFICATE N° 241B/SAFERAIL/006

Issued by LAPI SPA

Application Of:

Accreditation Scheme SAFERAIL® for EN 45545-2:2020 Railway applications. Fire protection on railway vehicles. Requirements for fire behaviour of materials and components

Applicant/Manufacturer:

Compensati TORO S.P.A.

Via Piverone, 4 – 10010 Azeglio (TO) - Italy

Scope: Products as listed below:

Product name	Product description	Test report ref.
TORO/APHONOS sp. 12 ÷ 27 mm	Pannello in legno compensato multistrato resinato con un inserto in sugher-gomma, un lato liscio ed uno zigrinato	RdP n°1796-1797.1IS0040/16 del 20/10/2016 RdP n°1843-1844.1IS0040/23 del 10/10/2023

This is to certify that LAPI S.p.A., Certification Body (Accreditation no. 0241PRD), did undertake the relevant quality assessment procedures for the equipments of the manufacturer identified above, which was found to be in compliance with the Fire Protection requirements of Scheme SAFERAIL® for EN 45545-2:2020 Railway applications and with the type described in test report/s listed above and reported in the Attachment to this Certificate, subject to any conditions as described in pertinent test report.

This Certificate authorizes the manufacturer, or his authorised representative, to affix the "Mark of Conformity" (Saferail®), as shown below, and exemplified in the Attachment.

D RAIL/17

(17 being the last two digits of the year when the Certification is gained)

This Certificate loses its validity if the Manufacturer makes any changes or modification to the approved quality system, which have not been notified to, and agreed with the Certification Body named on this Certificate and/or after lapse of time, withdrawal or revocation of the test report

This Certificate consists of 1 (one) page and 1 (one) Attachment.

This Certificate, first issued on 29/06/2017, has been first renewed on 28/10/2020, and renewed again with update of norm EN 45545-2:2020 on **28/10/2023** and remains valid, unless cancelled or revoked until its expiry date of **27/10/2026**.

Note: This Module D_{RAIL} must be read in conjunction with the Attachment.
