

**FACTSHEET ON THE ENVIRONMENTAL LABELING  
FOR THE PACKAGING ACCOMPANYING THE PRODUCTS SUPPLIED**

According to the Directive (EU) 2018/851 (on waste) and the Directive (EU) 2018/852 (on packaging and packaging waste) which requires that for all packaging, whether primary, secondary or tertiary, that manufacturers report the nature of the materials used (Commission Decision 97/129/EC) for the purposes of their identification and classification, Compensati Toro s.p.a. intends to make the mandatory information easily accessible to customers and commercial circuits.

Below it's possible to consult the document containing codes relating to the packaging used for the products supplied by the company, in order to facilitate their recycling or disposal.
